

NEW UNIVERSITY BACHELOR'S DEGREE OPTIONS

YOUR
NEXT STEP IS
HERE

25' – 26' YEAR ENROLLING NOW

Newman University is bringing students a one of a kind opportunity to achieve their higher academic goals while staying **HERE**, close to home.

*This premier educational program offers new graduates the chance to pursue a **bachelor's degree in business, agriculture technology management, teaching or nursing** through Seward County Community College. **Students will be able to stay close to home and experience the cost-savings benefits** of this revolutionary university program.*

Once students have completed their associates degree, they will be seamlessly transitioned into a student of Newman University where they can complete the remainder of their bachelor's degree. All of this is done through the Seward County Community College campus, affording students to convenience of remaining local while achieving their educational goals.
